

# Tactical Training Services Ltd

## Course Outline

### **Building Search Techniques**

This short building searching techniques awareness course is designed to enable learners to have a basic understanding of searching a building for possible devices.

### **Duration of Course:**

This Basic Building Searching Techniques Awareness Course runs for approximately four hours.

### **Aim:**

To increase the awareness of learners in recognising and understanding the reasons for searching techniques when searching a building or assisting in an evacuation of a building within any industry.

### **Objectives:**

By the end of the session you will be able to:

- Explain and understand the reasons for searching a building
- Define and explain the characteristics of a bomb threat
- Explain the principals of bomb threat management
- Explain the term Emergencies
- Explain and demonstrate the different strategies for conducting searches of buildings
- Explain the term Evacuation
- State the different explosive devices
- Explain the importance of response procedures for suspect packages
- Explain the safety considerations when searching

### **Certification:**

On successful completion of this Basic Building Searching Techniques Awareness Course, each learner will receive a Tactical Training Services Ltd Certificate.

### **Cost:**

£50 per learner based on a group of six up to ten in the group.
