Course Outline

redweb™ Offender ID Spray Course For Law Enforcement Officers

Course: Offender ID Spray Course

Who Should Attend? This product has been specifically designed to assist security personnel to keep themselves safe in the work place, and to help in the fight against crime by providing a visible, legal and totally reliable method of identifying serious offenders.

Aims: To teach delegates about the practical use of the **redweb™** Offender I.D spray in self-defence and crime prevention incidents.

Learning outcomes: After the session learners should be able to:

- Understand how the **redweb™** product works to identify offenders;
- Explain the relevant laws regarding its use;
- Identify the basic component parts of the hand-held device;
- Show a practical understanding of how to use the device in stressful situations;
- Understand the importance of proper justification and reporting.

These sessions will use a mixture of presentation techniques including lectures, PowerPoint presentations, practical demonstrations and question and answer sessions.

Course outline:

- 1) Introduction to the **redweb™** product
- 2) How **redweb™** works (origins, the i-powder, partnerships, evidence etc)
- 3) Relevant laws in relation to the use of the Offender I.D.Spray
- 4) The equipment and its component parts
- 5) What to do after activation
- 6) Evidence recovery by the authorities
- 7) Reporting use and replacement the used equipment
- 8) Practical demonstrations
- 9) Paperwork, accreditation and registration
