

# Tactical Training Services Ltd

## Course Outline

### **Robbery Response Workshop**

#### **Duration of Course:**

7.5 Hours Approx

#### **Aim:**

To introduce learners to personal safety and security during and after a robbery situation

#### **Objectives:**

By the end of the session learners will be able to:

- Describe what emotions or feelings you may experience immediately prior to a robbery
- Explain the safety issues around a robbery situation
- Explain the possible effects of stress and adrenaline response
- Demonstrate several simple techniques that are widely recommended to help you to control the stress response in a robbery
- Explain the importance of information gathering in safety during a robbery
- Explain and demonstrate the importance of describing an offender to the police

#### **Cost:**

£200 Per person based on a class of ten learners in the group, alternative arrangements for smaller groups.
