

**Martin Cooper**  
**Associate Trainer ~ Instructor**

**PROFESSIONAL PROFILE**

Martin is an Associate Trainer of Tactical Training Services Ltd, and is a highly driven, professionally qualified person with 30 years service as a police officer, including 17 years in a tactical firearms role. An extremely experienced trainer in police related personal safety. Martin has a proven ability to design and deliver ground breaking courses with tangible, measurable results, impact and client value.

Martin is currently providing training in both firearms & unarmed close countermeasures to police forces, both nationally & internationally. He is currently delivering training in Personal Protection to Doctors, clinicians & Health Care workers with in the UK and lecturing on the subject of Early Intervention to Door Security staff as part of a Primary Care Trust initiative to reduce alcohol related violence.

He provides training on a consultative basis to the UK police National Close Protection Officers course and has developed training systems which were instrumental in reducing the amount of complaints against police officers for their use of force.

Martin has provided training & development to officers in Polish Police Forces including First Responders & Anti Terror Units and has been interviewed on Polish national TV on a number of occasions with regards to police training and public relations.

Martin has been invited as a speaker at Business Continuity EXPO 2007 & 2008 on Human Nature in a crisis and Personal Protection and has had articles published in 'Police World' magazine and in 'Combat' magazine.
